

CLIENT: Maybe Baby
PUBLICATION: U Magazine – Manchester Unity Publication
DATE PUBLISHED: April 2006
READERSHIP: 73,000

Hey baby, is that you?

If you're trying for a baby, a clever product might make the process easier.

Maybe Baby – a mini microscope – is the convenient, clean and accurate way to pinpoint ovulation, determining when you're most likely to conceive.

Simply place your saliva on the lens, let it dry, then check the patterns to determine your fertility period. You can also reuse Maybe Baby day after day, cycle after cycle.

We're giving U readers the chance to win one of five Maybe Baby products, valued at \$79.95 each. Maybe Baby is also inviting MU members to join the online Maybe Baby Club for free at www.maybebaby.com.au. Member benefits include a quarterly newsletter with interesting articles, special offers and competitions.

For more information on the product freecall 1800 788 870. To win, tell us in 25 words or less why Maybe Baby might help you.
